

nVent CADDY Telescoping Screw Gun Box Bracket, First Means

The nVent CADDY Telescoping Screw Gun Box Bracket, First Means is a simple and intuitive support for mounting electrical boxes within stud wall applications. This solution delivers both traditional and retrofit mounting, which allows the bracket to bend for multiple depths and mount from both the front and back of the stud—making it ideal for when drywall has already been installed. As the first means of support, conduit can be run directly to the electrical box while ensuring a smooth, flat drywall finish with side-mount installations. The notched and clearly marked bend points make installation safe, fast and easy.

FUNKTIONER

Designed for both single and multiple box mounting

Unique single-component break-apart design

Stamped inch markings and pilot holes accelerate precise box conduit mounting

Pilot holes allow for easy access with a screwdriver

Adjustable for non-standard stud spacing

Interlocking tab prevents accidental disassembly

SPECIFIKATIONER

Katalognummer	Artikelnummer	Materiale	Finish	Stud Spacing	Box Depth
TSGB1624	187199	Stål	Pregalvanized	400 - 635 mm	38mm, 54mm, 63.5mm

ADVARSEL

nVent-produkter skal kun installeres og anvendes som angivet i nVents produktvejledninger og træningsmaterialer. Vejledninger er tilgængelige på www.nvent.com og hos din nVent kundeservicerepræsentant. Forkert installation, misbrug, fejlanvendelse eller anden undladelse af fuldt ud at følge nVents instruktioner og advarsler kan medføre funktionsfejl, materielle skader, alvorlige personskader eller død og/eller ugyldiggøre din garanti.
