

Universal U-Connector

U-Connectors are used to rigidly join lay-in wireway straight sections in series, as well as straight sections to fittings. The U-connector top swings aside to retain the lay-in feature of the wireway solution.

FEATURES

U-Connectors are used to rigidly join lay-in wireway straight sections in series, as well as straight sections to fittings

Top swings aside to retain the lay-in feature

U-connector required at each wireway joint except telescope fittings, panel adapters, open adapters, closure plates, or reducers

F44GUC and F66GUC designed to accept new Snap Connect Wireway for ease-of-installation; backwards compatible with legacy wireway design

Color Code: ANSI 61
Color: Gray
Material: Mild Steel
