

Document Pockets For Floor Standing Enclosures, DRBS

The stainless steel 316L document pocket can accommodate binders and other documents, and it is attached with screws, which provides a good solution when the enclosure is exposed to high temperatures, for example.

FEATURES

Description: A large steel document pocket fixed directly onto the door frame.

Finish: 400 pre-grained stainless steel.

Pack quantity: 1 piece with mounting accessories.

The document pocket offers a strong fixation to the enclosure due to the installation method and material

The document pockets screw fixation provides a good solution in environments where an adhesive fixation will not work, e.g. when exposed to high temperatures

Finish: Brushed
Material: Stainless Steel 316L
