

Wire Basket Tray L Bracket

The nVent CADDY Wire Basket Tray L Bracket delivers a clean, space-efficient solution for supporting wire basket trays in data application environments. Unlike multi-tier or ceiling-mounted supports, the L Bracket is optimized for single-plane, wall-mounted runs, making it ideal for installations where floor space is limited or ceiling access is restricted.

Its low-profile design simplifies installation without compromising strength. The bracket's side-load access allows for seamless cable placement, even in retrofit scenarios. At nVent CADDY, we are committed to providing you with innovative product offerings that empower you and solve your problems, not matter how complex.

FEATURES

Easy-to-use quick connect feature

Designed to be used with the nVent CADDY Wire Basket Tray Washer Support and nVent CADDY Wire Basket Tray Ground Splice

Utilize with the nVent CADDY Wire Basket Tray C Bracket for multi-tier cable tray runs
