

Flange Protector for Multi-Function C-Clamp, Steel, HD, M6 Screw

CATALOG NUMBER

SPPM6HD

FEATURES

Designed to protect paint on steel flanges

PRODUCT ATTRIBUTES

Article Number: 336200

Material: Steel

Finish: Hot-Dip Galvanized

Screw Diameter (Sc): 6

ADDITIONAL PRODUCT DETAILS

When the laquer protective plates are used, the clamping range is reduced by approximately 3 mm and the permissible load must be reduced by 20%.

The screw tip should be placed so it will not damage the paint of the steel structure.

WARNING

nVent products shall be installed and used only as indicated in nVent's product instruction sheets and training materials. Instruction sheets are available at www.nvent.com and from your nVent customer service representative. Improper installation, misuse, misapplication or other failure to completely follow nVent's instructions and warnings may cause product malfunction, property damage, serious bodily injury and death and/or void your warranty.
