

Wire Basket Tray Splice Kit

The nVent CADDY Wire Basket Tray Splice Kit brings simplicity and reliability to cable tray installations. Designed as a three-piece staked bolt, washer, and nut combination, this kit is easy-to-use when connecting straight sections of cable tray and fittings. Whether you're linking tray segments or attaching accessories, the splice kit ensures a secure and consistent connection that withstands demanding conditions. Installation is straightforward, requiring only basic hand tools, improving productivity when constructing robust cable management systems.

FEATURES

Three-piece bolt, washer and nut combination

Ensures a stable and tight fit between tray sections

Works with a wide range of tray sizes and configurations

Used to create a continuous grounded bond between sections of cable tray and protects assets in case of a lightning strike
