

# Wire Basket Tray Dropout 2"X4", ABS

## CATALOG NUMBER

**WBTCBLDO**

The nVent CADDY Wire Basket Tray Drop Out is a versatile solution for creating cable management exits in cable tray. By acting as a wire funnel, the Drop Out enables cables to easily drop vertically from the tray while ensuring proper support and protecting the bend radius at the exit point. The tool-free design allows installers to drop the component into place on the wire basket tray while the side prongs hold it firmly in place. Whether contractors are working with multi-tier assemblies or side-by-side configurations, the Drop Out offers an aesthetic and efficient way to manage cable transitions, without compromising on performance or accessibility.

## FEATURES

Designed for center cable tray dropouts

Conducive to creating both multi-tier tray and side-by-side assemblies

Easily cut to fit around the wire basket tray for retrograde cable installations

Ensures the natural bend radius of the cable is protected

Stackable for multiple adjoining dropouts

Reusable and tool-free—easy-to-install, easy-to-remove

## PRODUCT ATTRIBUTES

Material: ABS, UL-VO rated

Finish: Pregalvanized

Height (H): 1.126"

Width (W): 2.313"

Length (L): 3.563"

Unit Weight: 0.11 lb
