

nVent LENTON Interlok No-Thread Bar Positioner

The nVent LENTON Interlok No-Thread Bar Positioner provides a hard stop to prevent the over-insertion of rebar during pre-cast installations. Designed for use with the nVent LENTON Interlok No-Thread Grout-Fill Coupler, this robust system ensures secure and accurate placement with every use. Both easy-to-install and remove, the Interlok No-Thread Bar Positioner is reusable with minimal wear and tear, ultimately saving valuable time and money on the job site.

FEATURES

Durable and reusable

Ensures connection capacity

Used in combination with the nVent LENTON Interlok Toggle Form Mount

Digital model available in nVent BIM Library
