

Collar Screw, Cross Recess/Slotted

Integrated load spreading, replaces separate washer.
Improved joint consistency (less variation from washer misalignment) Better vibration resistance, especially with serrated collars

FEATURES

For assembly of partial width front panels and plug-in units

For EuropacPRO and RatiopacPRO

Cross Recess / Slotted combines advantages of both imprints: it offers a high level of torque to achieve quick and easy installation and enhances rotational leverage. It is convenient to use while offering universal tool compatibility.

Product Type: Screw
Type: Screw
