

nVent CADDY Telescoping Screw Gun Box Bracket, First Means

The nVent CADDY Telescoping Screw Gun Box Bracket, First Means is a simple and intuitive support for mounting electrical boxes within stud wall applications. This solution delivers both traditional and retrofit mounting, which allows the bracket to bend for multiple depths and mount from both the front and back of the stud—making it ideal for when drywall has already been installed. As the first means of support, conduit can be run directly to the electrical box while ensuring a smooth, flat drywall finish with side-mount installations. The notched and clearly marked bend points make installation safe, fast and easy.

CARACTERÍSTICAS

Designed for both single and multiple box mounting

Unique single-component break-apart design

Stamped inch markings and pilot holes accelerate precise box conduit mounting

Pilot holes allow for easy access with a screwdriver

Adjustable for non-standard stud spacing

Interlocking tab prevents accidental disassembly

ESPECIFICAÇÕES

Número de catálogo	Número do artigo	Material	Acabamento	Stud Spacing	Box Depth
TSGB1624	187199	Aço	Pregalvanized	400 - 635 mm	38mm, 54mm, 63.5mm

AVISO

Os produtos nVent devem ser instalados e utilizados apenas conforme indicado nas fichas de instrução do produto e materiais de treinamento da nVent. As fichas de instrução estão disponíveis em www.nVent.com e com nossos representantes de atendimento ao cliente nVent. A instalação inadequada, uso incorreto, aplicação incorreta ou outra falha qualquer em seguir completamente as instruções e avisos da nVent podem levar ao mau funcionamento do produto, danos à propriedade, lesões corporais graves e morte, e/ou anular sua garantia.
