

Klämman för steg till nVent-KASSETT

The nVent CADDY Ladder Tray Clip makes attaching ladder trays to strut profiles quick and easy—featuring a single-piece design, ready for use out-of-the box with no loose hardware.

Offering two simple installation methods, the Ladder Tray Clip can be either installed on top of the strut or slid in from either end of the channel, increasing flexibility and giving contractors more options on the job. Designed for both indoor and outdoor installations, the hot-dip galvanized finish and hardware ensure longevity on rooftop, solar and trapeze projects.

DESIGN

Single-piece design with hardware pre-installed to reduce components

Simple and time-saving; just drop and twist the Ladder Tray Clip directly into the strut profile

Works on ladder tray with up to ½ in flange thickness

Hot-dip galvanized clamp and hardware for demanding environments

Integrated clamping teeth for superior holding strength and load ratings
