

Wire Basket Tray Tool-Free Splice

The nVent CADDY Wire Basket Tray Tool-Free Splice is an efficient way to link multiple sections of wire basket trays. With fewer components and no loose pieces, installation is quick, easy and straightforward. This solution allows installers to restrict movement and stabilize unsteady sections while joining several trays together, further enabling continuity and cable safety in the case of an electrical event.

Designed specifically to work with nVent CADDY Wire Basket Tray, simply slide the Wire Basket Tray Tool-Free Splice over the sides or bottom of the tray and lock the tab into place. Removal is just as quick—pull the locking tab out, slide the lock off and reuse the splice as many times as needed.

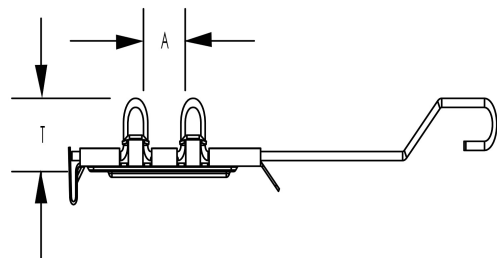

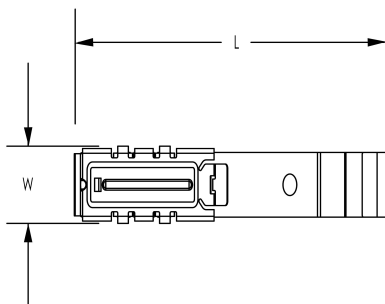

功能

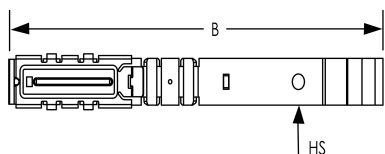

Secure hold with locking mechanism keeping trays in place

No assembly required

No sharp edges or catching points for wire

Reusable and tool-free—easy-to-install, easy-to-remove

警告

应仅根据 nVent 的产品说明书与培训材料安装并使用 nVent 的产品。可访问 www.nvent.com 获取说明书，或者向您的 nVent 客服代表索取。错误安装、使用不当、滥用或未能完全遵守 nVent 的说明与警告，可能会造成产品故障、财产损失、严重的人身伤害及死亡和/或使得保修服务无效。
